THE NATIONAL TRIBUNE THE G.A.R. WATCH PREMIUM LIST.

for Clubs and Single Given Subscribers.

AN UNEQUALED ARRAY OF OPPORTUNITIES.

ERE is a series of articles of the highest merit, which we will give all our friends the opportunity of obtaining in the easiest possible way. Our object in offering these splendid premiums is to reward our club raisers.

We have been at great trouble and expense in making up this list of premiums. We have had two prime considerations in view as to the character of the articles: First, we have accepted nothing but the very best things; and, second, we have insisted upon arrangements direct with the manufacturers at the very lowest rates, so as to be able to give our subscribers the advantage of the lowest possible offers.

We have accepted no cheap-grade jewelry. There is no so-called aluminum gold, fire gilt, oryide, etc., which is simply polished brass, but everything in the list is of a class we can warrant exactly as represented.

We have also demanded and secured from the manufacturers only the latest and most

fashionable styles. We expect that every subscriber will find something he or she will want, and will send us the club required and get it.

We mean, of course, in each case where we say clubs or subscribers, subscribers to THE NATIONAL TRIBUNE for one year, and the full price of the paper, viz., \$1 a year for each subscriber, must accompany the name sent.

Write all addresses very plainly, giving full name, Postoffice, County and State.

Much trouble is saved by never omitting the County, because there are so many postoffices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example. In ordering, be particular to give the number of the article as well as the name. The best way to send money is by Postoffice Money Order, in which case it may be

sent at our risk. If your local Postoffice is not a money-order office, the best way is to register your letter. Money may also be safely sent by Express Money Order or Bank Drafts. Do not send local bank checks. Remember also that postal notes are no safer than money or stamps inclosed in an envelope, being cashed by anyone into whose hands they may fall.

Postage stamps are a drug, and, while taken, are very inconvenient, because we have more now than we can use, and the Government does not redeem them.

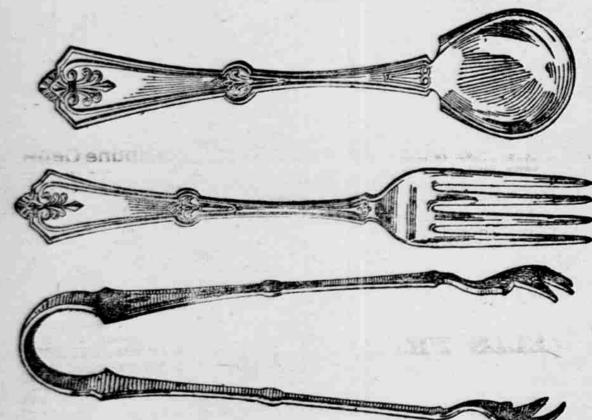

No goods will be sent C. O. D. Address all letters to

THE ONE CHANGE OF A LIFETIME TO DUY SILVERWARE AT A FRACTION OF THE ORIGINAL COST.

WE ONLY SHOW A FEW OF THE PIECES, BUT THEY ARE ALL OF THE SAME DESIGN.

the watch for something to benefit its subscribers. We have just bought outrigt an immense stock of silver-plated tableware at prices below the cost of production. We took advantage of the opportunity afforded by the retirement from business of an Eastern merchant who changed his line of business so that he desired to go out of the silverware trade. After examination as to the quality and character of his stock, we decided to purchase it all in a lump. The profit which he had made on his retail business was such that he was willing to sell the entire remainder at a price which was only a fraction of what he had paid. Pursuant to our policy to handle goods of this class without reference to profit to ourselves, but merely to demonstrate the advantage to everybody to keep their place on our subscription list, we took it all for spot cash and now offer it.

It will be apparent to everyone that when this stock is gone we must withdraw this offer. We give this as a warning to all that we must necessarily proceed upon the policy of "first come first served."

These goods embrace a medium-sized Spoon, a Cream-Ladle, Sugar-Tong, Salt-Spoon, Pickle-Fork, two-tined Pie-Fork, four-tined Pie-Fork, four-tined medium

Fork, Mustard-Spoon, Butter-Knife.
All of these Goods are of Heavy Silverplate of the standard quality upon a base of compound white metal of exactly the same color as silver, so that if, after years o wear, the silver should disappear in spots the base metal could not be detected, owing to similarity in celer and quality. We will deliver these goods by mail to any subscriber upon the following terms:

Half-dozen Medium Spoons. One Pickle-Fork. Half-dozen Medium Forks. One Butter-Knife. One Sugar-Tong. Half-dozen 2-tined Pie-Forks. One Mustard-Spoon.

National Tribune Subscribers.

THE LATEST PRODUCT

No. 302.

The above cut conveys a good idea of one of the great G.A.R. Watches that are made expressly for our subscribers. So many have called for them that we have at last decided to sell these elegant Watches at so low a price that all veterans may enjoy the possession of handsome, durable and accurate Waltham and Elgin Watches. The G.A.R. Watch is either a Waltham or an Elgin, as the purchaser may choose. The works are made from the finest selected material. They contain eleven valuable jewels, tempered steel springs, compensating expansion bal-ance, patent safety pinion, stem-winding and pendant-setting apparatus, full plate, a dust-band that excludes every particle of dust, quick train, jeweled balance, selected porcelain dial, and all the latest and greatest improvements. The case is made of nickel silver, a composition just as handsome and durable as coin silver. The case is dustroof, and need never be opened, because the Watch winds by turning the crown (or stem), and sets by pulling it out till it clicks, then pressing it back into place after setting, a wonderful feature that makes this Watch unique. On the back of this case the "G.A.R." badge, the emblem of glorious service, patient suffering and triumphant victory, is engraved by hand. As the fortunate purchaser sees this beautiful reward of patriotism a thought will come to his mind of the boys in blue who never saw a "G.A.R." badge, but who gave up their lives in battle. This Watch is well worth double what we ask for it, but we have placed the price so low that all may get it. We will send it for a club of 10 subscribers and \$5 added money. For sale, delivery guaranteed, for 89.25

THE SILVER BUTTERFLY CHATELAINE.

The cut shows a novelty not yet on the market nor offered for sale except to our subscribers. It is made of sterling silver, and intended to be pinned upon the breast of a lady's dress. Its

use as a chatelaine is, watch upon, or used at the throat it will serve as a brooch. When used as a brooch the swivel (or hook at the bottom) may be detached, and thus it serves a double purpose. As a brooch it is a very desirable ornament for many who have not yet purchased

a watch. The workmanship on this article is worthy of mention. The metal is cut, polished and delicately traced for the purpose of accurately representing a butterfly. It is heavily made so as to be strong and secure in every part, so that it cannot come loose and be lost. It takes the place of the ordinary watch-chain with those who prefer this style of carrying a time-piece. It will be mailed, postpaid, to any subscriber for \$1.50, or sent as a premium for a club of only two subscribers and \$1 added money.

A CHILD'S SILVER TABLE SET.

This is something fresh from the factory, manufactured specially for this Fall's trade. The cut is very much reduced in size, and does not do the articles justice. It is not a toy set, but for a child's use at the table. It is the proper size for a child from the time it is able to sit at the sable until it is about 12 years old. There is a knife, fork, spoon, cup, and napkin-ring.

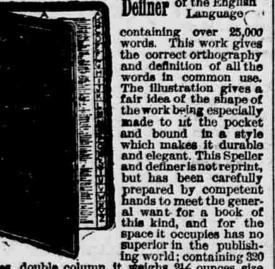

They are manufactured of American Sterling, covered with a quadruple plate of pure silver. These articles are as good for practical purposes as though made of pure silver clear through. They will never wear buy, but will always retain the bright white color of silver, all the metal in them being of the same tint. The articles are neatly packed in a beautiful silk-lined plush box. We offer these five pieces, boxed and postpaid, at a price less than that charged for the box alone by the leading silversmiths of New York City.

illustrated.

There is represented in accompanying

cut the latest novelty in gentlemen's lewelry, which is a chain, made of aluminum, for carrying a bunch of keys or a pocket-knife without possibility of less. It is 17½ inches long, besides the attachments at either end. It is so light that it will float in salt water. It looks like silver and never tarnishes. Upon one end of the chain is a loop to slip over the suspender-button on the right side, and at the other end is a selflocking clasp, from which a key-ring cannot escape, and, indeed, cannot be removed except by one who is familar with the working of the puzzle-like discs.

The chain is long enough that the bunch of keys or other implement may be carried to the hip pocket and used without removing it from the chain. This is a capital and, indeed, necessary article for absent-minded people and boys who lose their knives. It will be sent postpaid to any subscriber for 50 cents.
